

Introducing Harriet: Adults

Please select someone to introduce Harriet just before she takes the stage. The following is her standard introduction. Please contact Harriet if you would like to customize this content for your event.

Our speaker today comes to us from Memphis, Tennessee. For more than 20 years, Harriet Turk has worked with thousands of people—encouraging them to develop their leadership skills, to stand up for what they believe in and ... most importantly ... to be REAL.

Success isn't just something Harriet talks about, it's something she has repeatedly sought and attained. Though her background is in Criminal Justice, Harriet's work experience is broad. She has been a probation officer, a youth leadership programs coordinator, a pharmaceutical sales rep and a flight attendant. In every field and in every position, Harriet was quickly promoted to training, consulting and mentoring roles, and she has also been honored as "Rookie of the Year" and "#1 Top Performer."

Harriet believes we can do great things if we are willing to be true to our dreams and ourselves.

Now ... please join me in welcoming HARRIET TURK!
